HAITI

An Introduction to Global Missions

"God chose us to be His representatives. He called us to go out, to proclaim the 'good news'—to be the 'good news'—and to change the world. Living out our faith privately was never meant to be an option!"

The Haiti Mission Project is transforming lives in the nation of Haiti! Our June 2016 mission team will consist of young persons from churches throughout South Carolina. Pastors and church leaders are encouraged to invite young people from congregations to join us. Participants will experience a truly life-changing adventure. Haiti is unlike any place in the world - extreme poverty and indescribable beauty existing side by side. Come and work with Haitian young adults; teaching, loving, and building new relationships that will last a lifetime. 1

The trip includes:

- Regional Youth Rally
- Door-to-door evangelism
- Visits to a local prison and hospital
- One-on-one fellowship with other young adults
- Sing in the Youth Rally Mass Choir
